THE BRYOLOGIST

Quarterly Journal of the
American Bryological Society

Volume 67
1964

TABLE OF CONTENTS

Volume 67

AHMADJIAN, V. Further studies on lichenized fungi 87

_____. Review 108

ANDERSON, L. E. Review 241

AWASTHI, D. D. New combinations in the genus *Dirinaria* 369

BASILE, D. V. New procedures of bryophyte culture which permit alterations of the culture medium during the life cycle 141

_____. The sporophyte of *Jubula pennsylvanica* 164

BENSON-EVANS, KATHRYN. Physiology and the reproduction of bryophytes. [Experimental ecology of bryophytes: a symposium] 431

BERRIE, G. K. Experimental studies on polyploidy in liverworts I. The *Riccia fluitans* complex 146

BIRD, C. D. The apparent absence of *Climacium americanum* from west-central Canada 461

_____. & R. T. OGILVIE. New bryophytes for Alberta 360

BOWERS, M. C. A water-soluble, rapid, permanent mounting medium for bryophytes 358

BRODO, I. M. Review 106

CHATTERJEE, N. K. Cytological studies on mosses from eastern India 47

CLARK, LOIS. *Frullania aterrima* 186

CLAUSEN, EVA. The tolerance of hepatics to desiccation and temperature. [Experimental ecology of bryophytes: a symposium] 411

CLYMO, R. S. The origin of acidity in *Sphagnum* bogs. [Experimental ecology of bryophytes: a symposium] 427

CRUM, H. Reviews 242, 382, 383

_____. & L. E. ANDERSON. Notes on *Physcomitrium collenchymatum* 350

_____., W. C. STEERE, & L. E. ANDERSON. New names for some North American mosses 162

CULBERSON, W. L. The range of *Herpothallon sanguineum* in the United States 224

_____. Recent literature on lichens—48-51 ..... 102, 127, 374, 481

_____. Reviews 108, 377, 380

DAVIS, R. B. Bryophytes and lichens of the spruce-fir forests of the coast of Maine. I. The ground cover 189

_____. Bryophytes and lichens of the spruce-fir forest of the coast of Maine. II. The corticolous flora 194

DINER, B., V. A. AHMADJIAN, & H. ROSENKRANTZ. Preliminary fractionation of pigments from the lichen fungus *Acarospora fuscata* 363
Editorials 110, 386
ELLISON, M. L. Additions to the hepatic flora of Texas – II 72
Experimental Ecology of Bryophytes: A Symposium 389
FULFORD, MARGARET. Recent literature on hepatics – 44 98
_____. Recent literature on mosses – 65-66 ..... 234, 476
_____. Review 486
HALE, M. E. JR. The *Parmelia conspersa* group in North America and Europe 462
HERMANN, F. J. Additions to the bryophyte flora of Mt. Katahdin, Maine 294
HOFFMAN, G. R. The effect of certain sugars on spore germination in *Funaria hydrometrica* Hedw. 321
HOLMEN, K. Additions to the *Sphagnum* flora of Greenland 458
HOSOKAWA, T., N. ODANI, & H. TAGAWA. Causality of the distribution of corticolous species in forests with special reference to the physio-ecological approach. [Experimental ecology of bryophytes: a symposium] 396
IRELAND, R. R. *Grimmia tenera* Zett. and its occurrence in North America 174
KHANNA, K. R. Cytology of some mosses from the Adirondack Mountains 343
LAWTON, ELVA. The structure and distribution of *Mnium nudum* 44
LOOMAN, J. The distribution of some lichen communities in the prairie provinces and adjacent parts of the Great Plains 209
MATZKE, E. B. The aseptic culture of liverworts in microphytotrons 136
MCCULLOUGH, H. A. Foliose and fruticose lichens of the piedmont upland of Alabama 226
_____. *Vestergrenopsis elaeina* (Wahlenb.) Gyeln. in North America 372
MILLER, H. A. & S. SHUSHAN. The 1962 foray in Oregon of the American Bryological Society 60
MILLER, M. W. A technique for isolating and culturing gemmae of *Marchantia polymorpha* L. under aseptic conditions 317
MOTYKA, J. The North American species of *Alectoria* 1
News and Notes 109, 243, 384, 486
OTTO, G. F. *Tholurna dissimilis* new to North America 73
PATTERSON, P. M. Problems presented by bryophytic xerophytism. [Experimental ecology of bryophytes: a symposium] 390
RAMSAY, HELEN P. The chromosomes of *Dawsonia* 153

REDFEARN, P. L. JR. Bryophytes of Arkansas I. Species of "Lost Valley" and adjacent regions 196
_____. Bryophytes of Missouri IX. Additions to the flora 201
REESE, W. D. Notes on Louisiana mosses 206
RICHARDS, P. W. Introduction. [Experimental ecology of bryophytes: a symposium] 389
ROBINSON, H. Five bryophytes of interest from Chile 53
_____. New taxa and new records of bryophytes from Mexico and Central America 446
_____. Review 242
_____. & F. J. HERMANN. Notes on American grimmias 170
SAYRE, GENEVA, C. E. B. BONNER, & W. L. CULBERSON. The authorities for the epithets of mosses, hepatics, and lichens 113
SCHUSTER, R. M. Studies on Hepaticae XIV. The genus *Austrolophozia* Schust. 179
SHARMA, P. D. & R. S. CHOPRA. The life history of *Lyellia crispa* R. Br. 329
SIERK, H. A. The genus *Leptogium* in North America north of Mexico 245
TALLIS, J. H. Growth studies in *Rhacomitrium lanuginosum*. [Experimental ecology of bryophytes: a symposium] 417
TAMM, C. O. Growth of *Hylocomium splendens* in relation to tree canopy. [Experimental ecology of bryophytes: a symposium] 423
UDAR, R. & V. CHANDRA. Polyembryony in *Mannia foreaui* Udar et Chandra 55
WARD, M. Induced aberrant gametophytes from *Polytrichum commune* Hedw. 356
WEBER, W. A. A bizarre new species of *Rinodina* (lichenized fungi) from Guadalupe Island, Mexico 473
